

April
2008

Thanks to all of you who have answered our e-mail request for updated information. We are all interested in keeping up with each other and our families, which is a hard task. Camp Fire people are a lot of things but boring is not one of them. They always seem to be busy folks with multiple interests and involvements.

Mark Your Calendar for future breakfast gatherings

- April 19
- May 17
- June 21
- July 19
- August 16
- September 20
- October 18
- November 15
- December 20

Keep the Embers Glowing Brightly

Sydelle McCabe's kidney transplant earlier this month went very well. She is currently staying at a transition house while the doctors keep an eye on her to make sure her body doesn't reject her new kidney.

We're still warm!!! We're getting into the season that the kids come down during spring break. I should be back for the May meeting. I received a note from Marion the other day. She thinks she'll be down April or May. I hope she can plan it to mesh with the breakfast. Hello to all!

Barb Whitmore

Betty Paugh checked in to let us know that she plans on being back in Minnesota around the first of May until after Mother's Day. We are hoping her schedule will allow her time to join us for breakfast otherwise watch your email for a possible special gathering of the Embers so we can all have a chance to touch base with Betty.

Big Changes Happening at Camp Fire

April showers have brought in more than spring flowers at the Minnesota Camp Fire office. Andrea Platt Dwyer, Camp Fire's Executive Director is leaving at the end of May. Marnie Wells the past Program Director is now the acting interim Chief Executive Officer until a new executive is found.

Special Guest Joining Our April Breakfast

Karen Burton is Camp Fire's Vice President of Community Relations. Several of us have had a chance to meet with Karen to discuss our joys and frustrations with Camp Fire. Karen is a high energy person who is working very hard at rebuilding bridges with Camp Fire Alumni. Because of all the changes that are happening at Minnesota Camp Fire Karen will be joining our April breakfast to give the Embers an update on the changes taking place in the organization as well as telling us about upcoming events she has planned.

Pictures from the 2007 Breakfasts

*Remember the times you've had here. Remember when your away.
Remember the friends you've made here and don't forget to come back some day.
Remember the blazing campfire, the sparkling waters too.....*

Pictures from the 2007 Breakfasts

The Golden Embers Club welcomes past Minneapolis Camp Fire members to gather every third Saturday of the month to rekindle friendships.

Spread the word to all your Minneapolis Camp Fire friends.
